

Please cooperate in measures against infectious diseases.

The basic measures against infectious disease, as well as the novel coronavirus, are washing hands and "coughing manners" including wearing a mask.

1. Washing hands

Correct way to wash hands.

After thoroughly wetting your hands with running water, apply soap and rub the palms well.

Wash between your fingers.

Before washing hands

- ·Keep your fingernails short.
- Remove wristwatches and rings.

Rub the back of your hands up and down.

Twist and wash your thumbs with the palms of your hands.

Thoroughly rub the fingertips and nails.

Don't forget to clean your wrists.

After cleaning with soap thoroughly rinse with water and wipe dry with a clean towel or paper towel.

2. "Coughing manners"

Three "coughing manners"

Coughing or sneezing without shielding your mouth or nose.

Using your hands to cover coughs or sneezing.

•Observe the manners on a train, at work, school or wherever people gather.

Wear a mask. (covering mouth and nose)

Cover your mouth or nose with a tissue/handkerchief.

Cough or sneeze into your sleeve.

Correct way to wear a mask.

Ensure both your nose and mouth are covered.

Place the rubber string over your ears.

Cover up to your nose so there are no gaps.
